There are no restrictions on the number of times a file can be downloaded. Keep your files private, or send your download links only to friends or family. You can give this download link to your friends by mail or instant messenger. File is free to use with no gotchas and no hidden fees. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Just upload the file you want to share with your friends and we send you a download link to your file. Simply upload your fileand share the link. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size offiles that can be transferred within their apps. No account or credit card is required to get started. You can upload any type of file (movies, music, documents,images, zip files and more). So try our free and simple filehosting service now. The cost of that data transfer is covered by your internet service or the data planon your phone. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. It is also allowed to link to the download pagefrom websites and communities. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storagefees. Unfortunately, we can't make that part free. You decide who you want to share your files with. You don't need any special software installed to be able to download your files. We have no file size limit. filehosting provides an easy possibility for you to send large files to your friends. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Using file, you can circumvent those limits without paying to upgrade your team chat service. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Our service is completely free
